DJ'S DREAMS

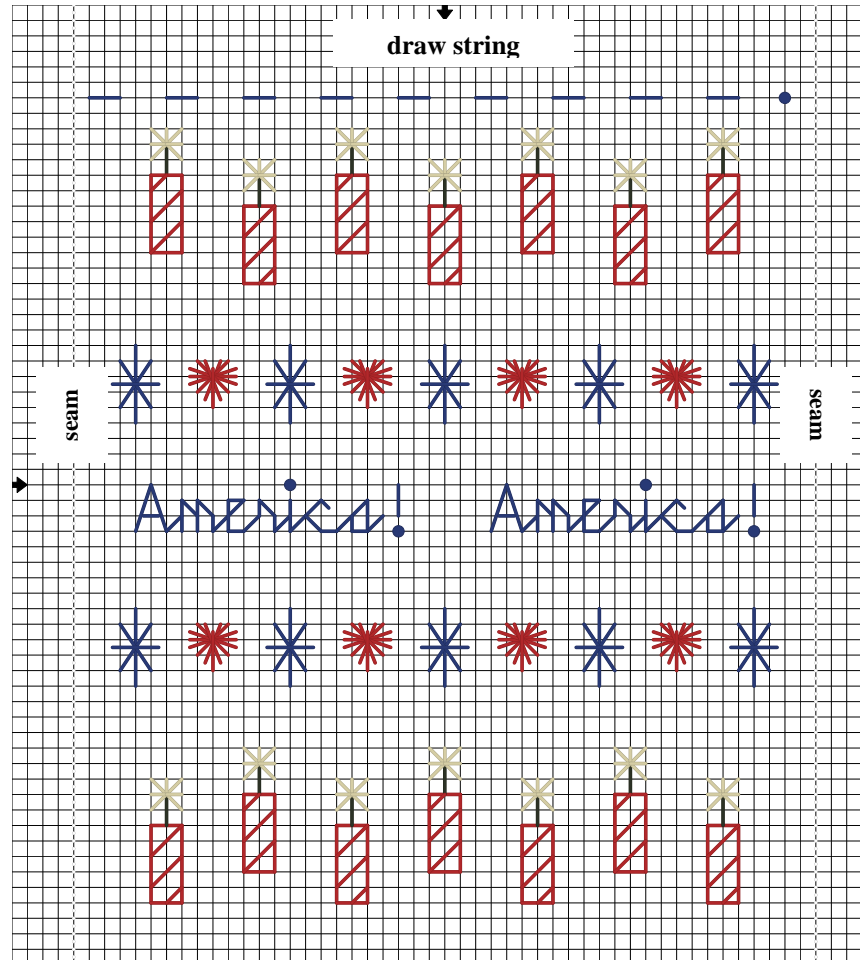

Instructions

Use 1 strand for backstitching and Rhodes Heart. Model stitched on 18 count Antique White Aida #358-101 from Wichelt Imports.

Cut a piece of fabric that is 56 stitches wide by 124 long. Starting 8 stitches from the top and 9 stitches from the left side, begin backstitching the firecrackers as shown. Use the color key below. Follow the rest of chart to the bottom row of firecrackers. When completed, fold the fabric in half from the bottom and inside out creasing it 4 stitches from the bottom row of firecrackers.

Seam up left side 5 stitches from the start of the bottom row of firecrackers and the right side 5 stitches from the end of the bottom row of firecrackers using backstitches in DMC White and then turn right side out again. For the draw string fold the raw edge in and crease 4 stitches up from the top of the firecrackers and use a long thread made up of 1 strand each of DMC 321, 820 and White and insert it at the dot, leaving a long tail, and then backstitch it around the opening as shown. When you get to the left seam go down 1 stitch from the seam on the front and come up 1 stitch from the seam on the back. Cut strings to desired length and knot the ends.

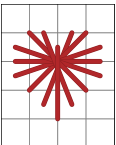

Symbol	Type	Number	Color
	DMC	310	Black
	DMC	321	Christmas Red
	DMC	820	Royal Blue-VY DK
	DMC	White	White
	K Japan #1	002J	Gold
